

DUKE OF GLOUCESTER PROJECT STAWELL

We need your help by voting for our project
to bring the Duke Of Gloucester to Stawell

Bringing the Duke Of Gloucester to Stawell will be a big boost to Stawell's tourism. Our annual model railway exhibition attracts close to 2000 people every year from all over Victoria and interstate.

The Duke of Gloucester will be used as both a train memorabilia museum and a tea rooms under the care of the Grampian Model Railroaders. The club wishes to relocate the carriage to the Stawell railway goods shed and once renovated it will be open to the public on club days, special events and available for private bookings.
